

# Product Introduction

20210104-R 001

<b>Product Name</b>	<b>Fermented Turmeric (1000pcs)</b> 《Value refill packs》		
<b>JAN Code</b>	4 996665 002878		
<b>ITF Code</b>	1 4996665 002875		
<b>Capacity</b>	200g (200mg × 500tablets × 2pcaks)		
<b>Quantity</b>	20 boxes		
<b>Recommended Retail Price</b>	8,000yen(no tax added)		
<b>Distributor</b>	Okinawa Products Associated Co.,Ltd 1831-1-7F, Oroku, Naha-city, 901-0152,OKINAWA,JAPAN		
<b>Size</b>	(H) × (W) × (D) / <b>Weight</b>		
	Single itme	155 × 100 × 45 (mm) / 240g	
	Carton	181 × 490 × 230 (mm) / 4.95kg	
<b>Carton material</b>	《500 tablets pack》Aluminum pouch (with zipper seal) 《cosmetics case》Cardboard 《Catron》Cardboard		
<b>Features &amp; Selling points</b>			
 【Okinawa prefecture recommended products】	The products Fermented Turmeric only use Autumn turmeric, which contain the largest amount of “curcumin”. Curcumin has a strong antioxidant effect, suppressed carcinogenicity, prevents Alzheimer’s disease and dementia, and also has the function of enhancing liver function. We only use Okinawa turmeric as the raw material of Fermented Turmeric and the bitterness and earthy odor of turmeric are improved by our original fermentation technology, making it easier to drink. The tablets of Fermented Turmeric are molded only by pressure without using bulking agents, excipients or shellac processing. Therefore, the tablet is very easy to dissolve.		
<b>Raw Materials</b>			
Raw materials : Fermented turmeric 《Φ8 mm/200 mg round tablet, no shellac processing》 Ingredient name : Fermented turmeric (turmeric (autumn turmeric)(Okinawa), molasses, rice bran)			
<b>Preservation Method/Period</b>		<b>How to drink</b>	
[Method]Preserve away from high temperature, humidity and direct sunlight. [Period] 36 months without open. *Please consume as soon as possible after opening.		It is recommended to consume 15 tablets per day with water Please divide 15 tablets into three times.	
<b>【Remarks】</b> 《No bulking agents, excipients added》 The tablets of Fermented Turmeric are molded only by pressure without using bulking agents, excipients or shellac processing, so the tablets may be crackly. There is no problem with the quality. 《Uses 100% Okinawa turmeric》 Only Okinawa turmeric is uses as the raw material. The color and flavor may differ depending on the weather and cultivation conditions; there is no problem with the quality.
