<b>C/S Size</b>	360 mm		480 mm		240 mm	6.1kg

### Product Features

To receive a twofold effect, we combined **"Moromi Vinegar"**, which is rich in amino acids and citrates and forms the basis of fermenting the traditional Okinawan beverage "Awamori", with **"Royal Jelly"**, which contains a perfect balance of over 40 different kinds of nutrients, including amino acids, vitamins, minerals and myrmicacin. This makes it our recommended supplement for women who start to feel their age. We compressed the "Moromi Vinegar", which is hard to drink in its liquid form, in highly concentrated soft capsules. These easy-to-swallow soft capsules can be conveniently taken daily, without being bothered by a sour taste.

### Marketability

Typical concerns of aging (weight, beauty, health) are everlasting obstacles for women from maturity onward. "Moromi Vinegar" gained popularity among a wide array of customers, encompassing women in their **30s**, who stated to feel concerned about aging, **to women well in their 70s**.

Among them, those who have the most urgent feelings about weight-loss, beauty and health are the core target group of the 40-60 year olds. Actually, after taking the product, accompanied by moderate exercise, many customers left us a lot of positive feedback, in the likes of **"My body feels lighter"** or **"My body became cleansed and slimmer"**.

### Selling Points

A body that suffers from a lack of exercise and a slowed down metabolism can get the needed support, thanks to the power of amino acids and citrates.

- It contains **19 types of amino acids (including essential ones)**, which are a fundamental building blocks for collagen. That makes it work as a beauty product.
- Another name for royal jelly is "Queen's Milk", because it is a special type of food that is used to raise a queen bee. For all her life, the queen eats nothing but royal jelly, which has so much nutrition that it enables her to keep laying egg after egg. "Royal Jelly", which contains an assortment of over 40 different kinds of nutrients, including **amino acids, vitamins, minerals and decenoic acid**, is combined with "Moromi Vinegar" to create a twice as effective supplement in order to address the needs of women who suffer under typical signs of age.
- It is a **product of Japan**, produced in our factories and subjected to rigid quality control.
