Product		／230mm×137mm×70mm			
【 Product Features and Description 】					
A blend of four types of tea: mangeliijke, goji berry, kambala, and oolong. Easy to drink with no bitterness.					
Recommended for:					
* People who are concerned about cholesterol					
* People who are avoiding sweet foods					
* People who want to experience the effects of mangericone easily					
* People who dislike bitterness and astringency					
【How to eat】					
One pack is approximately 500ml to 1 liter. You can use it repeatedly by pouring hot water into a teapot until the color appears. You can also enjoy delicious tea by putting 1 to 2 tea bags in a pot and pouring hot water over it.
